

Taking Care of MY Health Care

A guide for you or your caregiver to be active in either your own health care or caring for someone else.

Take this with you each time you meet with a health care provider (such as a doctor, nurse, pharmacist, or social worker); visit a hospital, nursing center, or other health care facility; or receive care in your home. You have rights to your personal health information. Using this guide can help you keep track of your health information, and may prevent other health problems.
